SURPLUS LIST OF

Vegetable and Flower Seeds and Bulbs.

OFFERED BY

CLUCAS & BODDINGTON CO., 342 W. 14th St., NEW YORK.

MARCH 9, 1901.

Terms net cash and subject to being unsold.

The very low prices we name for the following seeds, bulbs, etc., may cause likely buyers to be skeptical as to their quality. In this regard we will say that without exception they are all of high vitality, procured from the most reliable sources, and can be depended upon as being selected stock suitable for the most critical trade. Our only reason for offering them at these low figures is to reduce our large stocks quickly, of which we believe we have rather more than enough for our regular demand, and are offered subject to being unsold upon receipt of order.

When seeds, etc., are ordered from this list, refer to these prices, or our regular wholesale rates will be charged.
